## RELEVANT EXPERIENCE

---

**Burger | Front End Developer | Deployed Link:** <https://whispering-bayou-29942.herokuapp.com/> | **Github Link:** <https://github.com/NKLouis/burger>

Burger is a restaurant app that lets users input the names of burgers they'd like to eat.

- **Role:** Created HTML page styled with CSS to be able to add burgers to devour. Made a MySQL database to store and change data and set up the Express server to request the use of the built-in Express file from Node modules.
- **Tools Utilized:** MySQL, Nodejs, Express, Handlebars, Javascript, Heroku, Bootstrap, HTML and CSS

**Friend Finder | Front End Developer | Deployed Link:** <https://friendfinderappthatiscool.herokuapp.com/> | **Github Link:** <https://github.com/NKLouis/groupFinder>

Burger is a restaurant app that lets users input the names of burgers they'd like to eat.

- **Role:** Designed and Styled the pages with React-BS, created models and routes.
- **Tools Utilized:** BcryptJS, Dotenv, MySQL, Sequelize, React-BS, HTML, React, NodeJS, Axios, Heroku and Express

**Note-Taker | Full Stack Developer | Deployed Link:** <https://sleepy-hamlet-60722.herokuapp.com/?> | **Github Link:** <https://github.com/NKLouis/Note-Taker>

Note-Taker is an application that can be used to write, save, and delete notes.

- **Role:** Built the backend and connect to the frontend which is already created. Created HTML and API routes. Used an Express backend and saved and retrieved note data from a JSON file via routes.
- **Tools Utilized:** CSS, HTML, Javascript, NodeJS and Heroku

## PROFESSIONAL EXPERIENCE

---

**American Red Cross; Nashville, TN**  
Present

7/2019 -

### ***Component Manufacturing Technician***

Successfully operate, maintain, and perform validation and quality control checks on equipment. Ensure adequate inventory of required supplies. Diligently perform data entry and operate the computer programs associated with component production, labeling, storage and sample tube management. Maintain accurate, legible and complete manufacturing department records. Control accurate electronic and physical inventory locations for products/samples.

- Effectively analyze and make decisions based on visual inspection and information provided from other departments to meet time requirements and quality standards. Identify and quarantine products/samples that don't meet quality requirements.
- Collaborate effectively with internal customers, vendors and volunteers allowing for strong business relationships.
